Ralph Pitman Alleges Carelessness in Driving Machine Cost Life of His Baby Boy

NAMES GLENN SOMMERVILLE

Based on Accident Which Happened in Glenwood May 4—High School Boys in Machine

Ralph Pitman living south of Glenwood, today filed suit in circuit court against Glenn Sommerville of this city, demanding $10,000 judgment for the loss of his three year old son, Robert William Pitman, who was struck and instantly killed in Glenwood last spring by an automobile driven by Sommerville.

The complaint is based upon carelessness and recklessness of the driver of the automobile, which struck the baby, and states that the machine was exceeding the speed limit through an incorporated town.

The accident happened late in the afternoon, towards six o'clock, on May 4, of this year, when Sommersville, a local high school boy, was returning home to this city from Connersville, after practicing for a track meeting that was to be held in that city.

The coroner returned a verdict, following the accident, stating that it was an accident, and no blame was attached to Sommersville. Later the grand jury investigated a manslaughter charge that was filed by Mr. Pitman, and in this case returned an ignoramous.

In addition to the above case, a few more were filed today by C. W. Duncan, local attorney. Alleging that his wife was filthy and unsanitary, Clyde Pattison has brought suit for divorce from Mary Pattison. The complaint states that they were married in January and separated in May of this year.

John W. Thompson, et al., has brought suit against Samuel H. Colter of Milroy, on a complaint for conversion, demanding judgment in the sum of $2,000. The complaint arises from a controversy over some hogs.

John Knecht is plaintiff in a suit filed against William B. Brann, on a complaint to collect on notes, demanding $170 judgment.

Building Loan Association number ten of this city has filed a suit to foreclose a mortgage, naming as defendants Anna B. Smith, William N. Smith and Walter E. Smith. The complaint states that Mrs. Smith secured a mortgage for the amount of $816, and the complaint is to foreclose on the mortgage.

SAME ENGINE CAUSE OF TWO ACCIDENTS

Front Trucks Jump Track North of Greensburg Thursday and North of Milroy Today.

TRAFFIC DELAYED BOTH TIMES

An engine on passenger train number 1, southbound on the Big Four, leaving here this morning at 8:10, left the track two miles north of Milroy, and tore loose 500 feet of track before the train could be brought to a standstill. The lead trucks of the tender jumped off, and the remainder of the train held to the rails.

The same engine, pulling the passenger train north ysterday afternoon, due here at 5:20, jumped the track 3 miles north of Greensburg, and tied up traffic until almost midnight, as a wrecking crew was called to put the train back on the track.

This morning traffic was held up only two hours, and the engine, which was the cause of both wrecks, was taken to the railroad shops for repairs, before a serious wreck would result from the defective trucks on the coal tender.

SHAUCK D. CECIL IS DEAD

Circleville Man Expires at Age of 61 Years Today

Shauck D. Cecil, aged 61 years, expired shortly before noon today at his home in Circleville following a prolonged illness of dropsical complications. The deceased formerly lived on a farm just northwest of Rushville but in recent years had resided in Circleville. His condition was regarded as serious for several weeks. He is survived by a widow and one son Charly and four brothers and two sisters who reside in North Carolina.

The funeral services will be conducted Sunday afternoon at 2:30 o'clock and burial will take place in the East Hill cemetery.

CIVIL SUIT FILED AGAINST FRANKLIN

Support For Wife and Child Demanded of Man Who Already Faces Three Charges

AWAITS OPENING OF COURT

William W. Franklin, arrested in Illinois and brought here to answer to three charges preferred by his wife, waived peliminary hearing yesterday afternoon late in Squire Stech's court, and he will await the convening of the September term of the circuit court, as he will then be found over to the higher court.

His wife, Marie Franklin, by her next friend, Elmore Manlief, has filed suit in circuit court against him, demanding that he be compelled to support her and their two year old child. She asserts in the complaint that he has property worth $10,000.

The complaint filed yesterday to recover penalty in connection with the defendant marrying to escape bastardy proceedings, was transferred to the circuit court from the squire's court. Franklin will remain in jail until the September term, unless he changes his plans and asks for a hearing before the squire. The charges pending against Franklin are for wife and child desertion in the squire's court, and three charges are pending in the circuit court.

RUSH COUNTY RAISERS TO STORE WOOL CLIP

Farmers Agree at Township Meetings to Consign Product to Chicago Storage

TO AWAIT BETTER MARKET

Eight townships in the county held meetings last night, at which time B. B. Benner of Mays announced through representatives of the wool committee of Rush county, that the wool clip of the county would be consigned to Chicago for storage in a warehouse, and when the market became better, it would be sold on a commission basis.

The main purpose of the meetings last night was to obtain data on the number of pounds that will be in the consignment, and also to estimate the number of sacks that will be necessary for shipping the wool to the Chicago warehouse. The storing of the wool was advised by the State Wool Growers association which met a few weeks ago, and Rush county is among the first to take steps for consigning the wool.

The county committee will assemble in the county agent's office in the court house here Saturday night for the purpose of collecting all data from the township meetings which were held last night, and the extent of the wool crop in the county will not be known until after this combined information is obtained.

The townships which had meetings last night were Rushville, Center, Anderson, Jackson, Richland, Union, Washington and Posey. A similar meeting will be held tonight at Homer for the Walker township wool growers.

OPERATORS REFUSE TO DISCUSS WAGE MATTERS UNTIL THE MINES ARE REOPENED

Will Not Talk Business Unless Work is Resumed, Producers of Two States Decide

WANT UNIONS TO KEEP WORD

(By United Press.)

Chicago, Ill., July 30.—Illinois coal operators today joined Indiana producers in the demands that union officials force resumption of work in the bituminous coal fields before wage matters be discussed.

Representatives of all Illinois fields in session here preliminary to the meeting of the wage scale committee of the central Competitive Field called by Thomas T. Brewster, chairman, decided this course today.

Telegrams demanding that the unions "live up to the contracts" were to be sent John L. Lewis, president of the United Mine Workers at Indianapolis, and Frank Farrington, Ilinois district president.

Brewster arrived here shortly before noon today. He expected to meet with other members of the wage committee later today to frame an answer to Lewis' request for a joint session to make a proposal to end the unauthorized strike in Indiana and Illinois fields.

In view of the Illinois and Indiana operators' action, the committee was expected to refuse the invitation and put the difficulties squarely up to President Wilson and union officials.

Lewis and other national union officials have blanket authority to take any action necessary to protect the interests of the organization during the present emergency, United Mine Workers' headquarters announced today. This authority was conferred by the international executive board.

Nine State Mines Running

Terre Haute, Ind., July 30.—Only nine coal mines in the entire state were in operation today due to the unauthorized strike of day workers and drivers, according to a report at district headquarters of the United Mine Workers.

Reports from the southern Indiana coal trade bureau at Evansville, however, were that 14 mines were running, some of them with only a portion of workers.

The union headquarters announced that 205 mines in the state have suspended during the strike. The mines in operations can produce at the rate of 500,000 tons daily.

Ranks of striking miners in the "pocket district" around Evansville were augmented today with a walkout of more day laborers which left only 4 of the 40 mines in the "pocket" in operation.

RUSHVILLE TO BE REPRESENTED

Large Delegation Going to Kokomo Aug. 5 For Annual State Log-Rolling of Modern Woodmen

WILL MAKE TRIP IN A TRUCK

Recalled That First Indiana Meeting of Woodcraft Was Held in Rushville 22 Years Ago

Local Modern Woodmen are busy making arrangements to attend the annual State Log-Rolling, which will be held at Kokomo, August 5, and the indications point to a large delegation going from here.

The following delegates have been elected to represent Burr Oak Camp No. 3548, at the meeting: Thomas M. Ansberry, J. P. Stech, Theodore Saunders, W. C. Ravenscraft, Ward Bates, Horace Warth, C. L. Barnes M. O. Richardson, Clarence Price Ralph Waggoner and Willard Rea.

It is expected that the majority of the delegates will go to Kokomo in Ellsberry Pea's truck, as in that way they can stay and witness the adoption of over one hundred candidates, enjoy the big banquet and get back home early the next morning. Any Woodman who is going, and has not made other arrangements and wishes to go by truck, should see J. P. Stech, the clerk of the local camp, by Saturday night. He will be found at the city treasurer's office, until 9 p. m. that day.

Nearly $500.00 in prizes are offered by the State Log-Rolling Association in the different contests that will be held that day, and Indianapolis Woodmen have chartered a special train for the occasion. Any Woodman can leave here on the 5 o'clock I. & C. traction car and catch a car on the U. T. line and get into Kokomo at about half-past 9 in the morning in plenty of time for the opening exercises.

Reports from Kokomo indicate that this State Log-Rolling will be the largest ever held by the association in Indiana.

Rushville people probably have forgotten it, but the first Log-Rolling held in this state was held in this city twenty-two years ago, and the contests were held on the race track and in Riverside park, just across Big Flatrock. Frank Rush was the first president of the Association, and Ellsberry Pea was the first clerk. Mike Graston, Bill Bliss, Bob Powell, Dr. George B. Jones, Jobe Stevens, Bill Young, Buster Beber and Louis Smith were then the chief boosters of Woodcraft.

WORK IS HELD UP FOR LEGISLATION

Duplicate of Assessments For Each Township Will Not be Made Until Legislature Adjourns

CHANGES IN LAWS FEARED

Twenty-One Pipe Line Companies And Public Utilities in County Assessed at $130,064

With all of the assessments made by the state board of tax commissioners having been certified to the county auditor's office, the ordinary procedure would be for the assessments to be distributed among the townships and other taxing units at once, but this year the duplicate will not be made until the special session of the legislature adjourns.

It is feared in the auditor's office that if duplicates were to be made now, the legislature might change some law which would undo all the work which had been done.

The assessments of the railroads and interurban companies, banks and trust companies, express, telephone and telegraph companies, and the public utilities of the county have all been certified to the auditor by the state board, but the valuation of the property in each township and corporation will not be known until the duplicate is compiled in the auditor's office.

The last of the assessments made public are those of the public utilities and pipe line companies doing business in Rush county, which number twenty-one. The public utilities, which include gas and light and power companies, are assessed for combined sum of $130,064. Very little changes were made in the valuations, as compared with last year.

The pipe line companies having lines in Rush county were assessed for a combined total of $104,303, divided as follows:

Charlottesville Natural Gas company, in Ripley township, $876.

Fuel Gas Company of Indiana, in Orange township, $1,350.

Rushville Natural Gas company, $57,840 divided by townships as follows:

Rushville city, $11,760; Rushville township, $16,000; Posey township, $24,400; Jackson township, $3,972; Walker township, $1,708.

The Tide-Water Pipe company Ltd., $44,237—in Ripley township, $37,059; Center township, $7,178.

Public utilities in the county were assessed at $130,064 as follows:

Beaver Meadow Natural Gas company in Posey township, $1,000.

SEDAN IS DAMAGED BY FIRE

Machine Belonging to J. W. Anderson Catches From Gas Leak

While visiting one of his farms in southern Rush county Thursday, J. W. Anderson left his Ford Sedan sitting along the road and returned in a few minutes to find it in flames. The fire had gained such headway that it could not be extinguished and the whole body and top were destroyed, entailing a loss of approximately $450. The engine was not damaged beyond use.

It is presumed that a leak in a gas line along the road near where the car was parked, was responsible for the fire.

ANOTHER AVERAGE OF 35 BUSHELS REPORTED

Harry Logan of Southern Rush County Equals Record Established by C. Miller For Wheat

HE HAD A CROP OF 38 ACRES

The record made by Capp Miller, south of Rusvhille, on eight acres of wheat, which averaged thirty-five bushels to the acre, has been equalled by Harry Logan of southern Rush county, whose crop of thirty-eight acres produced an average of thirty-five bushels to the acre. This is the best wheat yield reported in Rush county this year and there is little doubt whether it will be equalled any place in the state, the size of the crop being considered.

Many farmers in southern Rush county have enjoyed good yields according to reports from that section. A field of sixteen acres on Ray Power's farm averaged thirty bushels and a crop of fifteen acres harvested by Dora Jackman yielded 142 bushels. Clifford Power's crop averaged twenty-five bushels to the acre and John Jackman's thirty-five acre crop averaged up to twenty-six bushels. W. B. Crane, who harvested eighty-five acres got an average of twenty bushels, which is regarded as exceptional on account of the amount of the acreage.

Threshing is drawing to a close in Rush county and will be completed next week, in all probability.

SOLDIERS LEAVE EARLY TODAY FOR NEWCASTLE

Receive Unexpected Orders to Depart For Demonstrations to be Given There

ATTRACT A LARGE CROWD

The detachment of 85 soldiers and two officers which arrived in this city late yesterday afternoon and pitched camp in the city park, left early this morning for Newcastle where an all day series of demonstrations was planned, and their visit in this city was cut short unexpectedly, upon receiving orders to leave for Newcastle. They will also visit Muncie and Marion before returning to Camp Taylor.

While here they pitched comp and a crowd of citizens visited their camp last night and expected to see them drill this morning, but the trucks left here between seven and eight o'clock. The party was late in arriving here yesterday, coming from Edinburg, where they gave drills at the county fair. In coming to this city several delays were experienced by bridges being unable to hold the heavy army trucks. The park provided an ideal camping place.

GRANDSON DIES

Mr. and Mrs. Selman Webb of West Third street received word yesterday afternoon of the death of their grandson, Billy Moone, who died in Chicago. The child would have been two years old today. Mrs. Webb left today for Chicago to attend the funeral, and burial was expected to be made tomorrow in Kokomo.

CRITICISM AIMED AT LEGISLATORS

Senators and Representatives Taken to Task For Delay in Special Legislative Session.

MEETING WITH CONFEREES

Republican State Candidates and State Chairman Wasmuth Urge Early Adjournment.

(By United Press.)

Indianapolis, Ind., July 30.—Republican state leaders and party candidates for state offices took the house and senate conferees to task today for failing to agree on some kind of tax legislation and delay the adjournment of special legislative session.

Behind closed doors the candidates and E. M. Wasmuth, state chairman, told the conferees they must get together immediately or the republican party will suffer at the polls in November for prolonging the special session.

The meeting was held in the supreme court chamber.

It was understood that the conferees were advised to take their choice between the house bill legalizing the increases in property valuations invalidated by the supreme court or the senate substitute for the measure. Either would be acceptable to party chieftians.

Governor Goodrich early in the day had announced he would be satsfied with either measure. He said he hoped the session would be adjourned by tonight.

The uniform attitude of the candidates and the lieutenants was decided on at a conference at Crawfordsville last night which resulted in a demand for immediate adjournment. The candidates became indignant over the situation and Governor Goodrich who was also there, made a hurried night trip back to Indianapolis.

The Crawfordsville meeting was incident to a trip of Gov. Goodrich and the candidates to Turkey Run, where they were to attend the midsummer meeting of the Republican Editorial Association. The governor was to have delivered an address.

Besides Wasmuth, those in the meeting today were U. S. Lesh, candidate for attorney general; Ed Jackson, secretary of state and candidate for re-election, and conferees on the remedial tax bill.

The deadlock in this committee was due to the determination of senators to stand firm against a purely legalizing bill which was demanded by the house committee.

DAYTON PAYS HONOR TO GOV. COX TODAY

More Than Ten Thousand Persons Participate in Parade and Jollification Over Nomination

HUGE FLOATS PREPARED

(By United Press.)

Dayton, Ohio., July 30.—Business was practically at a standstill in the Miami valley at noon today while throngs were in Dayton to see and shake hands with Jimmy Cox.

More than 10,000 persons were impatiently waiting for the signal to parade in honor of their state's son, Governor James Cox, democratic presidential nominee.

Every side street was dotted with huge floats each portraying some phase of the governor's struggle from the farm to his present estate.

Governor Cox and Mayor Switzer and a retinue of state and city officials will review the parade

HEARS OF BROTHER'S DEATH

Before leaving yesterday evening for Newark, Ohio, where she was called by the critical illness of her brother, Charles Schaller, Mrs. Wade Sheman received word that he had died. Mr. Schaller was about 56 years old and is survived by a son and daughter. He underwent an operation for appendicities a few days ago.

335-Acre Farm At Auction-335
Two Miles East of Rushville.

This farm, we think to be one of as good as you will have an opportunity to buy, as it is good rich, sugar tree land and has been seeded to clover regularly and I expect has had more hogs fed on it than any same amount of acres in Rush county.

Buildings are in good shape—Two houses, two barns and other buildings, extra good and complete, tool sheds, cribs, hog houses. Fencing in good average shape. Ditching extra good. Out of the 335 acres, 300 of same is good plow land, balance good pasture land with never failing running spring water.

As this is probably one of the largest tracts of land ever sold at auction throughout this section, we will offer it in lots of from one-forth up to the entire body, giving everyone a chance at this great opportunity.

All Personal Property to be Sold on Same Day and on Premises.

There will be a big lunch served at noon and we insist that you come out and spend the day with us and witness one of the biggest sales ever held in Southern Indiana.

Amusements

"A Daughter of Two Worlds"

In "A Daughter of Two Worlds", which will be shown at the Princess Theatre, tonight Miss Talmadge portrays the daughter of a notorious dive keeper. At first she is unmoral and uncultured, then she has the advantage of the training of an exclusive girls' school and becomes a favorite in the upper strata of the society world, then through discovery she is again the daughter of the dive keeper. All through it her every action is in keeping with her station in life.

MOTORCYCLE SKIDS IN ROAD

John Kasper Suffers Boken Right Leg in Accident

John Kasper of southern Rush county is recovering from injuries he sustained Tuesday when his motorcycle skidded in stone on a road in Orange township and threw him off. His right leg was broken but his wife, who was riding in a sidecar attachment, was not injured, aside from a few minor bruises.

Mrs. William McManaman was the first person who passed the scene of the accident and she took Mr. and Mrs. Kasper to Milroy for treatment. The mishap took place near the Ad Richey farm.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

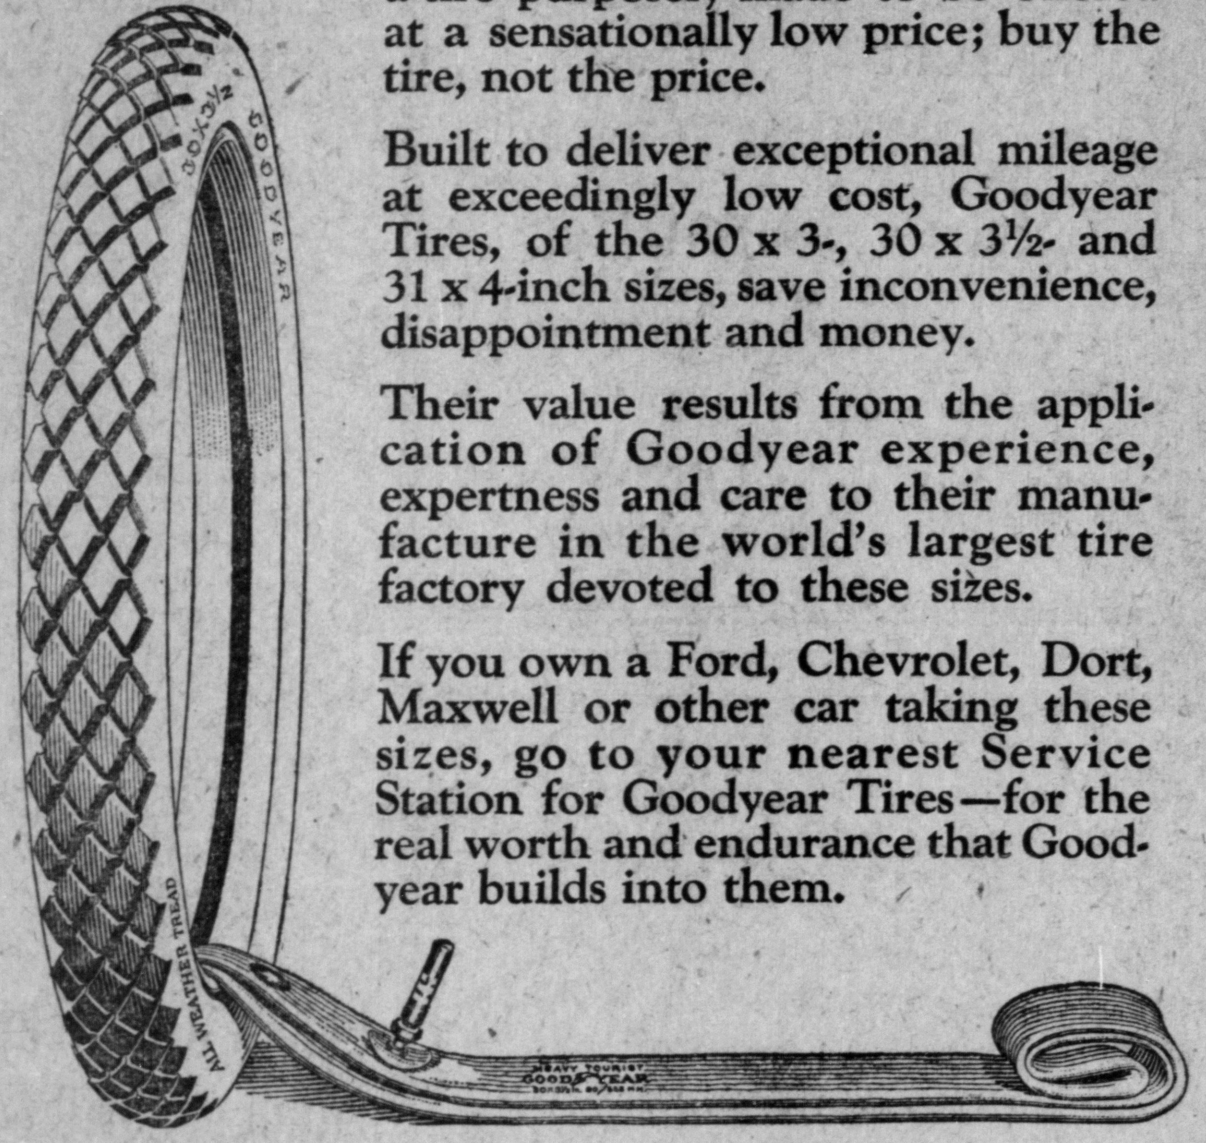
Goodyear Mileage — and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.



30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread...... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag*.................... $4.50

Vindication by House

Col. E. M. House, who was regarded as the closest confidant of President Wilson during the peace negotiations and has acted in the capacity of special representative of the president in Europe on several missions, has thrown some new light on the peace situation and serves to vindicate the action of the majority senators who refused to ratify the treaty without dotting an "i" or crossing a "t".

Writing in the Philadelphia Public Ledger, Col. House says of the situation as it existed after the armistice was signed.

"A preliminary treaty concerning army, navy, reparations and delimitation of boundaries could have been made by Christmas of 1918 and would have been not only the usual but the obvious thing to do."

That was the program urged at the time by the majority in the senate. Finding that the president turned a deaf ear to their suggestions, they finally, on March 4, 1919, joined in a "Round Robin" which 39 members of the new senate signed, the essential part of which was as follows:

"Resolved by the senate of the United States in the discharge of its constitutional duty of advice in regard to treaties, that it is the sense of the Senate that while it is their sincere desire that the nations of the world should unite to promote peace and general disarmament, the constitution of the league of nations in the form now proposed to the peace conference should not be accepted by the United States, and be it

"Resolved further, that it is the sense of the senate that the negotiations on the part of the United States should immediately be directed to the utmost expedition of the urgent business of negotiating peace terms with Germany satisfactory to the United States and the nations with whom the United States is associated in the war against the German government, and that the proposal for a league of nations to insure the permanent peace of the world should be taken up for careful and serious consideration."

It is plain to be seen now that the senate proposed exactly what Col. House now admits was the usual and obvious thing to do, but which the obstinacy of President Wilson prevented. The resolution quoted above was signed by senators of every sort of view on other matters. It bore the signatures of members of the "old guard" and of "progressives". All shades of opinion joined in the declaration that the nations of the world should unite to promote peace and general disarmament, but that the question of a league of nations should not interfere with the immediate negotiation of a treaty of peace.

In his speech of acceptance of the presidential nomination, Mr. Harding reiterates his belief in an association of nations for the promotion of peace but he stands now as he did in his signing of the "Round Robin", for the preservation of American Independence. He stands now as he did then for maintenance of the constitutional requirement that treaties shall be made by and with the advice and consent of the senate. He stands now as he did then for a republican form of government in which there are three co-ordinate branches, each performing its own duties and respecting the jurisdiction and preogatives of the others.

In Europe there are not enough men to go round, but the trouble in this country is to get them to go.

It must be a whale of a job for a little Dan Cupid to work up a wedding in the face of the present high cost of everything and nothing.

The world is full of pep, but apparently many people have a constitutional objection to being called the world.

RESTAURANT RAMBLINGS

The way to a man's heart is through his stomach, 'tis said. Perhaps this also applies to woman—when she is masculinely escorted to a restaurant de luxe. Nowadays we go to a restaurant to satisfy our hunger—or dance. Now dear Everyreader, how would you like a medium portion of restaurant humor? Witty wordings on this subject have scored many a hit on the motion picture screen in The Literary Digest "Topics of the Day". So, we serve you herewith some daintly morsels of humor that have been selected from newspaper columns here, there and everywhere.

Declares Dreco Improved Hearing

Catarrh Almost Had Him Deaf, Had Roaring, Buzzing Noises in Ears, Kept Bilious and Constipated.

Claims He Sleeps Like a Top, Eats Big Meals and Feels Fine Again.

Mr. Daniel W. Hicks of 1330 East Front St., Huntington, Ind., is 74 years old and is a veteran of the Civil War.

"I am the happiest man in the town," said Mr. Hicks, "and I ought to be for I can now sit down and talk and hear my friends talk, when I have been almost deaf for about fifteen years, and have suffered from catarrh of the head and stomach longer than that.

"My tongue was coated all the time, was bilious, restless, nervous and couldn't sleep.

"I am now finishing my second bottle of Dreco and my tongue is clean, appetite is good can sleep like a top all night long the dizzy spells don't trouble me and I can hear as well as anyone. I am a happy man and I want you to put this in the paper so my friends can see it and be benefited.

Dreco is made from the juices of twelve different herbs, roots barks and berries, which act directly on the stomach, liver kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All good druggist now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson and Co. Adv.

7:30 pm—Grand Concert — Crawford Adams Company.

SUNDAY, AUGUST 15th

2:00 pm—Concert—Garner Concert Jubilee Company.

A sextet of negro singers whose native gifts have been brought to a state of perfection by the directing genius of Prof. George Garner. The rare old songs of the Southland have seldom had such interpretations as they receive at the hands of this company.

3:00 pm Sermon - Lecture—Rev. Roy L. Smith.

Rev. Smith talks from life and experience not from books and theories. He will delight his audience with his splendid oratory and bring a message of inspiration to all who hear him.

7:30 pm—Grand Concert—Garner Jubilee Company.

The Lagonda piano used for our musical programs is furnished by A. P. Wagoner, special representative of the Jesse French Company.

MONEY COULD NOT BUY IT, HE SAYS

Pennsylvania R. R. Man Would Not Take Anything For The Good Tanlac Did Him.

"No sir, I wouldn't be back in the fix I was in before I got Tanlac for all the money in the world," said Earl J. Stritmatter, a popular boiler maker for the Pennsylvania Railroad, living on R. F. D. 11, Fort Wayne, Ind., recently.

"I had always enjoyed good health," he continued, "until one year ago, when my stomach got out of order and I commenced to lose in weight and became run-down generally. I work as boiler maker at night and have to carry my midnight lunch, and every time I ate it I would get so nauseated about thirty minutes afterwards that I could not retain a bite I had eaten. Nothing I ate seemed to have a bit of taste to it and I would bloat all up with gas, feel tight across the chest and have the worst gnawing pains in my stomach. Sometimes when these spells came on I would be in such agony I thought I would die in spite of all I could do. Often I would get so weak and nervous that my legs seemed to give way and I couldn't hold myself up, and would have to go to bed and be laid up two or three days. My head ached constantly in fact I was troubled in one way or another until I never knew what it was to feel good.

"When I commenced taking Tanlac I thought it might give me a little temporary relief, but it never once entered my mind that it would make a clean sweep of my troubles like it has and put me back on my feet in as good health as I ever was. I have gained twelve pounds in weight and am feeling as fine as I did the best day of my life. My digestion was never better in my life and I am enjoying everything I eat, because it never bothers me in any way. My nerves are as strong as steel and I don't have headaches any more. I am strong enough to tackle any kind of work and I don't believe any man feels better than I do. It keeps me pretty busy working at night and looking after my little farm, too, out on the edge of town, but Tanlac will keep a man on top."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Arlington

Mrs. Lenna Westhafer, wife of Dr. E. K. Westhafer of Newcastle, is visiting at the Methodist parsonage this week. Her husband is spending three months in post graduate work in the Post Graduate Medical College, New York.

The Pleasant Ridge Methodist church was the first congregation in Connersville district to make payment on the parsonage for the district superintendent, who is to live hereafter in Rushville.

The official board of the Methodist church voted to accept the invitation to attend the dedicatory meetings at the Christian church next Sunday afternoon and night. The usual forenoon services will be held at the Methodist church.

Dr. J. M. Walker and the Methodist pastor took six o'clock dinner with the W. A. Mull family last Sunday evening. Dr. Walker delivered an interesting discourse at Pleasant Ridge at 7:45 p. m. giving some account of the workings of the recent General Conference at Des Moines, Iowa.

Mrs. Jessie McFatridge, who recently moved to Carthage from this vicinity, has been in critical condition since having a severe surgical operation. She is now at her home in Carthage.

The Rev. Alphonzo Burns, pastor of Gwynneville Christian church, attended the recent Epworth League service and took active part in the services, adding much to the interest in the meeting.

James Miller who recently fell and broke his hip bone is in a critical condition at his home here. Dr. Barnum and two physicians from Shelbyville were called to set the limb. On account of the advanced age of Mr. Miller, his recovery is doubtful.

Mrs. Oliver Swain who has been ill with acute indigestion is improving.

Mrs. L. Addison and Mrs. J. Rucker were the guests of Mr. and Mrs. Waldo Draper Wednesay.

D. M. Pressnall who suffered an attack of heart trouble Saturday night, is better.

Mrs. Mary Ennis and granddaughter and Mrs. D. M. Pressnall and daughter were entertained for dinner at the home of Sarah McMichael Tuesday.

Oliver Swain has remodeled his home in this vicinity.

Mrs. Phoebe A. Phillips has returned to her home here after a visit with her son-in-law, Fred Wissing.

Worth Brown and Juanetta Brown children of Mrs. Minnie Brown, went to Indianapolis recently and had their tonsils removed. The children are improving.

Earnie McMichael and daughter Anna of Jay county are visiting relatives in Sumner for a few days.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

THIS IS WORTH READING

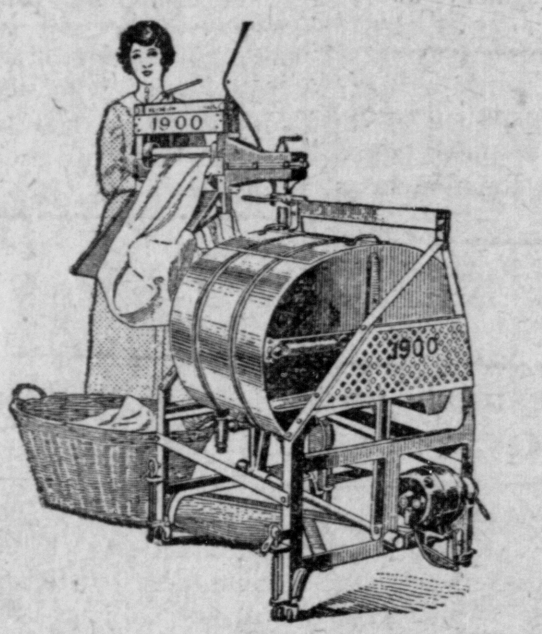
The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.



The "1900" Cataract is the very latest and most up-to-date Electric Washing machine. It has no cylinder to lift out or bother with. Made only of extra heavy copper, tin lined, which never rusts and is so easy to clean. Washes cleaner and in much less time than any other machine. More simple. More labor saving. A real washing machine. We use no galvanized iron in any of our machines. It is so arranged that you can wash and wring at the same time. No complicated starting. A child can understand it. It is the simplest but most effective washer on the market. Received the Gold Medal, which is the highest award, at the Panama-Pacific Exposition at San Francisco, 1915.

A Chance to Save On Truck Costs

We offer you the opportunity to buy and use your truck tires on a scientific, minimum-cost basis.

We sell and recommend Goodyear S-V Solid Truck Tires and Goodyear Cushion Truck Tires—because we believe they are very good tires and do wear a long time.

And we select for you the *type* and *size* which will do your work cheapest

Then we apply your tires properly—and with *speed*, so your equipment is out of service for the shortest possible time. We have plenty of parking space, a big hydraulic press, a workshop and trained men who *know how* to apply tires *correctly*.

Afterward we make sure, with periodic *recorded* inspections, that the tires you buy from us are getting a chance to serve as they should serve.

By preventing injuries from developing into tire-failures, we help your tires to deliver the last mile of wear and so save you the ultimate cent of cost.

Why not ask us to send a representative who will explain to you this chance to save.

Trutona Proves Happy Medium in The Case of Little Fort Wayne Girl

Fort Wayne, Ind., July 29.—Few mothers are any happier today, than Mrs. W. E. Epsich, who lives in Fort Wayne at 122 Eureka Street, and who tells in the following statement of the benefits her little twelve-year old daugher derived through the use of Trutona. She says:

"My little 12 year old daughter, Faustine, had been bothered with kidney trouble for several years, at least that was what the doctors pronounced it when she was six years old. Her kidneys were so weak that she seemed unable to control their action, especially at night. Her appetite was very poor, too".

"Trutona was recommended to us as being a remarkable remedy for the teatment of kidney trouble, and to my surprise, it worked wonders in the case of my child. Why my little girl has been taking Trutona only a week now, but she's able to control the actions of her kidneys, and she certainly has a good appetite".

"The child says Trutona doesn't taste bad but I suppose it is because the medicine is helping her so much that she dosn't mind taking it. I'm certainly grateful for the benefits my little girl has derived from this wonderful medicine, and I want to make other mothers happy by recomending Trutona."

Trutona is sold in Rushville at Hargove and Mullin's Drug Store.

IS CRITICIZED FOR FIREMEN'S BILL

Senator Cann Says Governor Changed Platoon System Bill Because Winchester Objected

FIREMEN ARE DISAPPOINTED

Senator McKinley Says Firemen Are Denied Privilege of Sunday Worshipping

Several senators criticized Governor Goodrich for changing the firemen's bill, calling for two platoon system of fire figaters in cities having organized fire departments, to read that the bill would apply only to cities over 15,000 population, thus excluding Rushville and a great number of other cities that had planned for a platoon system for their fire departments.

Representatives Howard A. Cann of Frankfort and Clark McKinley of Muncie criticized Governor Goodrich sharply on the floor of the House yesterday during the discussion of the Hogstown fire department for his refusal to sign a similar bill applying to every organized force in the state. The second bill was passed by a vote of 73 to 1. Representative William B. Covalt of Kokomo casting the only negative vote.

The bill, which has passed both Houses, provides for a two-platoon system in every department in cities of 15,000 or more population. The original bill included every organized force, regardless of the size of the town and, the Governor declined to sign the bill, he said, because it was too sweeping in its provisions.

"I regret very much that the Governor would not sign the other bill," said Mr. Cann, "and in fact I did not know that he had declined to sign it until this measure came along. The change in this second bill, making it provide only to towns of 15,000 or more, eliminates my city. I can't understand his action unless he had in mind his own city of Winchester, where there must be a bunch of tightwads."

Mr. McKinley said it was a shame that the previous bill had not become a law and that the substitute measure robbed the firemen in the small towns of opportunity to be wtih their families and enjoy the pleasures of ordinary citizens and that it even denied them the privilege of worship on the Sabbath. He declared the Governor made a great mistake in refusing to sign the first Hogston bill. A large number of firemen on the sidelines applauded vigorously every speech in favor of the bill.

Milkoline At 2c a Gallon

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion: Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and assists digestion, tending to insure perfect assimilation of feed. It helps tone up the system so that hogs are less subject to disease, and practically insures gains of 2½ pounds per head per day.

University Tested Professor W. B. Combs while Ass't. Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 82.57% more profit than hogs not fed Milkoline. W. H. Graham a successful feeder of Middletown, Mo., said $30 worth of Milkoline made him an extra profit of $420. Lee Jackson of Wappingers Falls, N. Y., says Milkoline fixed up a bunch of shoats in fine style and is great for brood sows.

Can't Spoil: Milkoline is guaranteed not to rot, sour or mould. It will keep indefinitely in any climate. Flies do not come near it. It is always uniform, and is guaranteed to make you money or it doesn't cost you anything.

2c a Gallon Milkoline comes in condensed form, and you do the diluting on your own farm. When fed as directed Milkoline mixture (one part Milkoline to 50 parts water or swill) costs only 2c a gallon. Full feeding directions free. It is shipped in convenient kegs and barrels which we supply free. The prices are as follows: 5 gal. $7.50; 10 gal. $12.50; 15 gal. $16.50; 32 gal. $32.00; 55 gal. $49.50. It pays to buy in barrel lots because you save 60c a gal. over the 5 gal. quantities.

30-Day Guaranteed Trial. You are safe in ordering any quantity of Milkoline today. Feed one half the shipment to your hogs and poultry in a thirty day test, then if you aren't entirely satisfied return the unused part to us at our expense and we'll immediately refund every cent you paid us. We are so confident that you will find Milkoline the best money maker on the farm that the S. W. Boulevard Bank of Kansas City substantiates this offer. You are the sole judge. Ralph Pitman Alleges Carelessness in Driving Machine Cost Life of His Baby Boy

NAMES GLENN SOMMERVILLE

Based on Accident Which Happened in Glenwood May 4—High School Boys in Machine

Ralph Pitman living south of Glenwood, today filed suit in circuit court against Glenn Sommerville of this city, demanding $10,000 judgment for the loss of his three year old son, Robert William Pitman, who was struck and instantly killed in Glenwood last spring by an automobile driven by Sommerville.

The complaint is based upon carelessness and recklessness of the driver of the automobile, which struck the baby, and states that the machine was exceeding the speed limit through an incorporated town.

The accident happened late in the afternoon, towards six o'clock, on May 4, of this year, when Sommersville, a local high school boy, was returning home to this city from Connersville, after practicing for a track meeting that was to be held in that city.

The coroner returned a verdict, following the accident, stating that it was an accident, and no blame was attached to Sommersville. Later the grand jury investigated a manslaughter charge that was filed by Mr. Pitman, and in this case returned an ignoramous.

In addition to the above case, a few more were filed today by C. W. Duncan, local attorney. Alleging that his wife was filthy and unsanitary, Clyde Pattison has brought suit for divorce from Mary Pattison. The complaint states that they were married in January and separated in May of this year.

John W. Thompson, et al., has brought suit against Samuel H. Colter of Milroy, on a complaint for conversion, demanding judgment in the sum of $2,000. The complaint arises from a controversy over some hogs.

John Knecht is plaintiff in a suit filed against William B. Brann, on a complaint to collect on notes, demanding $170 judgment.

Building Loan Association number ten of this city has filed a suit to foreclose a mortgage, naming as defendants Anna B. Smith, William N. Smith and Walter E. Smith. The complaint states that Mrs. Smith secured a mortgage for the amount of $816, and the complaint is to foreclose on the mortgage.

SAME ENGINE CAUSE OF TWO ACCIDENTS

Front Trucks Jump Track North of Greensburg Thursday and North of Milroy Today.

TRAFFIC DELAYED BOTH TIMES

An engine on passenger train number 1, southbound on the Big Four, leaving here this morning at 8:10, left the track two miles north of Milroy, and tore loose 500 feet of track before the train could be brought to a standstill. The lead trucks of the tender jumped off, and the remainder of the train held to the rails.

The same engine, pulling the passenger train north ysterday afternoon, due here at 5:20, jumped the track 3 miles north of Greensburg, and tied up traffic until almost midnight, as a wrecking crew was called to put the train back on the track.

This morning traffic was held up only two hours, and the engine, which was the cause of both wrecks, was taken to the railroad shops for repairs, before a serious wreck would result from the defective trucks on the coal tender.

SHAUCK D. CECIL IS DEAD

Circleville Man Expires at Age of 61 Years Today

Shauck D. Cecil, aged 61 years, expired shortly before noon today at his home in Circleville following a prolonged illness of dropsical complications. The deceased formerly lived on a farm just northwest of Rushville but in recent years had resided in Circleville. His condition was regarded as serious for several weeks. He is survived by a widow and one son Charly and four brothers and two sisters who reside in North Carolina.

The funeral services will be conducted Sunday afternoon at 2:30 o'clock and burial will take place in the East Hill cemetery.

CIVIL SUIT FILED AGAINST FRANKLIN

Support For Wife and Child Demanded of Man Who Already Faces Three Charges

AWAITS OPENING OF COURT

William W. Franklin, arrested in Illinois and brought here to answer to three charges preferred by his wife, waived peliminary hearing yesterday afternoon late in Squire Stech's court, and he will await the convening of the September term of the circuit court, as he will then be found over to the higher court.

His wife, Marie Franklin, by her next friend, Elmore Manlief, has filed suit in circuit court against him, demanding that he be compelled to support her and their two year old child. She asserts in the complaint that he has property worth $10,000.

The complaint filed yesterday to recover penalty in connection with the defendant marrying to escape bastardy proceedings, was transferred to the circuit court from the squire's court. Franklin will remain in jail until the September term, unless he changes his plans and asks for a hearing before the squire. The charges pending against Franklin are for wife and child desertion in the squire's court, and three charges are pending in the circuit court.

RUSH COUNTY RAISERS TO STORE WOOL CLIP

Farmers Agree at Township Meetings to Consign Product to Chicago Storage

TO AWAIT BETTER MARKET

Eight townships in the county held meetings last night, at which time B. B. Benner of Mays announced through representatives of the wool committee of Rush county, that the wool clip of the county would be consigned to Chicago for storage in a warehouse, and when the market became better, it would be sold on a commission basis.

The main purpose of the meetings last night was to obtain data on the number of pounds that will be in the consignment, and also to estimate the number of sacks that will be necessary for shipping the wool to the Chicago warehouse. The storing of the wool was advised by the State Wool Growers association which met a few weeks ago, and Rush county is among the first to take steps for consigning the wool.

The county committee will assemble in the county agent's office in the court house here Saturday night for the purpose of collecting all data from the township meetings which were held last night, and the extent of the wool crop in the county will not be known until after this combined information is obtained.

The townships which had meetings last night were Rushville, Center, Anderson, Jackson, Richland, Union, Washington and Posey. A similar meeting will be held tonight at Homer for the Walker township wool growers.

OPERATORS REFUSE TO DISCUSS WAGE MATTERS UNTIL THE MINES ARE REOPENED

Will Not Talk Business Unless Work is Resumed, Producers of Two States Decide

WANT UNIONS TO KEEP WORD

(By United Press.)

Chicago, Ill., July 30.—Illinois coal operators today joined Indiana producers in the demands that union officials force resumption of work in the bituminous coal fields before wage matters be discussed.

Representatives of all Illinois fields in session here preliminary to the meeting of the wage scale committee of the central Competitive Field called by Thomas T. Brewster, chairman, decided this course today.

Telegrams demanding that the unions "live up to the contracts" were to be sent John L. Lewis, president of the United Mine Workers at Indianapolis, and Frank Farrington, Illinois district president.

Brewster arrived here shortly before noon today. He expected to meet with other members of the wage committee later today to frame an answer to Lewis' request for a joint session to make a proposal to end the unauthorized strike in Indiana and Illinois fields.

In view of the Illinois and Indiana operators' action, the committee was expected to refuse the invitation and put the difficulties squarely up to President Wilson and union officials.

Lewis and other national union officials have blanket authority to take any action necessary to protect the interests of the organization during the present emergency, United Mine Workers' headquarters announced today. This authority was conferred by the international executive board.

Nine State Mines Running

Terre Haute, Ind., July 30.—Only nine coal mines in the entire state were in operation today due to the unauthorized strike of day workers and drivers, according to a report at district headquarters of the United Mine Workers.

Reports from the southern Indiana coal trade bureau at Evansville, however, were that 14 mines were running, some of them with only a portion of workers.

The union headquarters announced that 205 mines in the state have suspended during the strike. The mines in operations can produce at the rate of 500,000 tons daily.

Ranks of striking miners in the "pocket district" around Evansville were augmented today with a walkout of more day laborers which left only 4 of the 40 mines in the "pocket" in operation.

RUSHVILLE TO BE REPRESENTED

Large Delegation Going to Kokomo Aug. 5 For Annual State Log-Rolling of Modern Woodmen

WILL MAKE TRIP IN A TRUCK

Recalled That First Indiana Meeting of Woodcraft Was Held in Rushville 22 Years Ago

Local Modern Woodmen are busy making arrangements to attend the annual State Log-Rolling, which will be held at Kokomo, August 5, and the indications point to a large delegation going from here.

The following delegates have been elected to represent Burr Oak Camp No. 3548, at the meeting: Thomas M. Ansberry, J. P. Stech, Theodore Saunders, W. C. Ravenscraft, Ward Bates, Horace Warth, C. L. Barnes M. O. Richardson, Clarence Price Ralph Waggoner and Willard Rea.

It is expected that the majority of the delegates will go to Kokomo in Ellsberry Pea's truck, as in that way they can stay and witness the adoption of over one hundred candidates, enjoy the big banquet and get back home early the next morning. Any Woodman who is going, and has not made other arrangements, and wishes to go by truck, should see J. P. Stech, the clerk of the local camp, by Saturday night. He will be found at the city treasurer's office, until 9 p. m. that day.

Nearly $500.00 in prizes are offered by the State Log-Rolling Association in the different contests that will be held that day, and Indianapolis Woodmen have chartered a special train for the occasion. Any Woodman can leave here on the 5 o'clock I. & C. traction car and catch a car on the U. T. line and get into Kokomo at about half-past 9 in the morning in plenty of time for the opening exercises.

Reports from Kokomo indicate that this State Log-Rolling will be the largest ever held by the association in Indiana.

Rushville people probably have forgotten it, but the first Log-Rolling held in this state was held in this city twenty-two years ago, and the contests were held on the race track and in Riverside park, just across Big Flatrock. Frank Rush was the first president of the Association, and Ellsberry Pea was the first clerk. Mike Graston, Bill Bliss, Bob Powell, Dr. George B. Jones, Jobe Stevens, Bill Young, Buster Beher and Louis Smith were then the chief boosters of Woodcraft.

WORK IS HELD UP FOR LEGISLATION

Duplicate of Assessments For Each Township Will Not be Made Until Legislature Adjourns

CHANGES IN LAWS FEARED

Twenty-One Pipe Line Companies And Public Utilities in County Assessed at $130,064

With all of the assessments made by the state board of tax commissioners having been certified to the county auditor's office, the ordinary procedure would be for the assessments to be distributed among the townships and other taxing units at once, but this year the duplicate will not be made until the special session of the legislature adjourns.

It is feared in the auditor's office that if duplicates were to be made now, the legislature might change some law which would undo all the work which had been done.

The assessments of the railroads and interurban companies, banks and trust companies, express, telephone and telegraph companies, and the public utilities of the county, have all been certified to the auditor by the state board, but the valuation of the property in each township and corporation will not be known until the duplicate is compiled in the auditor's office.

The last of the assessments made public are those of the public utilities and pipe line companies doing business in Rush county, which number twenty-one. The public utilities, which include gas and light and power companies, are assessed for combined sum of $130,064. Very little changes were made in the valuations, as compared with last year.

The pipe line companies having lines in Rush county were assessed for a combined total of $104,303, divided as follows:

Charlottesville Natural Gas company, in Ripley township, $876.

Fuel Gas Company of Indiana, in Orange township, $1,350.

Rushville Natural Gas company, $57,840 divided by townships as follows:

Rushville city, $11,760; Rushville township, $16,000; Posey township, $24,400; Jackson township, $3,972; Walker township, $1,708.

The Tide-Water Pipe company Ltd., $44,237—in Ripley township, $37,059; Center township, $7,178.

Public utilities in the county were assessed at $130,064 as follows:

Beaver Meadow Natural Gas company, in Posey township, $1,000.

SEDAN IS DAMAGED BY FIRE

Machine Belonging to J. W. Anderson Catches From Gas Leak

While visiting one of his farms in southern Rush county Thursday, J. W. Anderson left his Ford Sedan sitting along the road and returned in a few minutes to find it in flames. The fire had gained such headway that it could not be extinguished and the whole body and top were destroyed, entailing a loss of approximately $450. The engine was not damaged beyond use.

It is presumed that a leak in a gas line along the road near where the car was parked, was responsible for the fire.

ANOTHER AVERAGE OF 35 BUSHELS REPORTED

Harry Logan of Southern Rush County Equals Record Established by C. Miller For Wheat

HE HAD A CROP OF 38 ACRES

The record made by Capp Miller, south of Rusvhille, on eight acres of wheat, which averaged thirty-five bushels to the acre, has been equalled by Harry Logan of southern Rush county, whose crop of thirty-eight acres produced an average of thirty-five bushels to the acre. This is the best wheat yield reported in Rush county this year and there is little doubt whether it will be equalled any place in the state, the size of the crop being considered.

Many farmers in southern Rush county have enjoyed good yields, according to reports from that section. A field of sixteen acres on Ray Power's farm averaged thirty bushels and a crop of fifteen acres harvested by Dora Jackman yielded 142 bushels. Clifford Power's crop averaged twenty-five bushels to the acre and John Jackman's thirty-five acre crop averaged up to twenty-six bushels. W. B. Crane, who harvested eighty-five acres got an average of twenty bushels, which is regarded as exceptional on account of the amount of the acreage.

Threshing is drawing to a close in Rush county and will be completed next week, in all probability.

SOLDIERS LEAVE EARLY TODAY FOR NEWCASTLE

Receive Unexpected Orders to Depart For Demonstrations to be Given There

ATTRACT A LARGE CROWD

The detachment of 85 soldiers and two officers which arrived in this city late yesterday afternoon and pitched camp in the city park, left early this morning for Newcastle, where an all day series of demonstrations was planned, and their visit in this city was cut short unexpectedly, upon receiving orders to leave for Newcastle. They will also visit Muncie and Marion before returning to Camp Taylor.

While here they pitched comp and a crowd of citizens visited their camp last night and expected to see them drill this morning, but the trucks left here between seven and eight o'clock. The party was late in arriving here yesterday, coming from Edinburg, where they gave drills at the county fair. In coming to this city several delays were experienced by bridges being unable to hold the heavy army trucks. The park provided an ideal camping place.

GRANDSON DIES

Mr. and Mrs. Selman Webb of West Third street received word yesterday afternoon of the death of their grandson, Billy Moone, who died in Chicago. The child would have been two years old today. Mrs. Webb left today for Chicago to attend the funeral, and burial was expected to be made tomorrow in Kokomo.

CRITICISM AIMED AT LEGISLATORS

Senators and Representatives Taken to Task For Delay in Special Legislative Session.

MEETING WITH CONFEREES

Republican State Candidates and State Chairman Wasmuth Urge Early Adjournment.

(By United Press.)

Indianapolis, Ind., July 30.—Republican state leaders and party candidates for state offices took the house and senate conferees to task today for failing to agree on some kind of tax legislation and delay the adjournment of special legislative session.

Behind closed doors the candidates and E. M. Wasmuth, state chairman, told the conferees they must get together immediately or the republican party will suffer at the polls in November for prolonging the special session.

The meeting was held in the supreme court chamber.

It was understood that the conferees were advised to take their choice between the house bill legalizing the increases in property valuations invalidated by the supreme court or the senate substitute for the measure. Either would be acceptable to party chieftians.

Governor Goodrich early in the day had announced he would be satisfied with either measure. He said he hoped the session would be adjourned by tonight.

The uniform attitude of the candidates and the lieutenants was decided on at a conference at Crawfordsville last night which resulted in a demand for immediate adjournment. The candidates became indignant over the situation and Governor Goodrich who was also there, made a hurried night trip back to Indianapolis.

The Crawfordsville meeting was incident to a trip of Gov. Goodrich and the candidates to Turkey Run, where they were to attend the midsummer meeting of the Republican Editorial Association. The governor was to have delivered an address.

Besides Wasmuth, those in the meeting today were U. S. Lesh, candidate for attorney general; Ed Jackson, secretary of state and candidate for re-election, and conferees on the remedial tax bill.

The deadlock in this committee was due to the determination of senators to stand firm against a purely legalizing bill which was demanded by the house committee.

DAYTON PAYS HONOR TO GOV. COX TODAY

More Than Ten Thousand Persons Participate in Parade and Jollification Over Nomination

HUGE FLOATS PREPARED

(By United Press.)

Dayton, Ohio, July 30.—Business was practically at a standstill in the Miami valley at noon today while throngs were in Dayton to see and shake hands with Jimmy Cox.

More than 10,000 persons were impatiently waiting for the signal to parade in honor of their state's son, Governor James Cox, democratic presidential nominee.

Every side street was dotted with huge floats each portraying some phase of the governor's struggle from the farm to his present estate.

Governor Cox and Mayor Switzer and a retinue of state and city officials will review the parade.

335-Acre Farm At Auction-335
Two Miles East of Rushville.

This farm, we think to be one of as good as you will have an opportunity to buy, as it is good rich, sugar tree land and has been seeded to clover regularly and I expect has had more hogs fed on it than any same amount of acres in Rush county.

Buildings are in good shape—Two houses, two barns and other buildings, extra good and complete, tool sheds, cribs, hog houses. Fencing in good average shape. Ditching extra good. Out of the 335 acres, 300 of same is good plow land, balance good pasture land with never failing running spring water.

As this is probably one of the largest tracts of land ever sold at auction throughout this section, we will offer it in lots of from one-forth up to the entire body, giving everyone a chance at this great opportunity.

All Personal Property to be Sold on Same Day and on Premises.

There will be a big lunch served at noon and we insist that you come out and spend the day with us and witness one of the biggest sales ever held in Southern Indiana.

John Kasper Suffers Boken Right Leg in Accident

John Kasper of southern Rush county is recovering from injuries he sustained Tuesday when his motorcycle skidded in stone on a road in Orange township and threw him off. His right leg was broken but his wife, who was riding in a sidecar attachment, was not injured, aside from a few minor bruises.

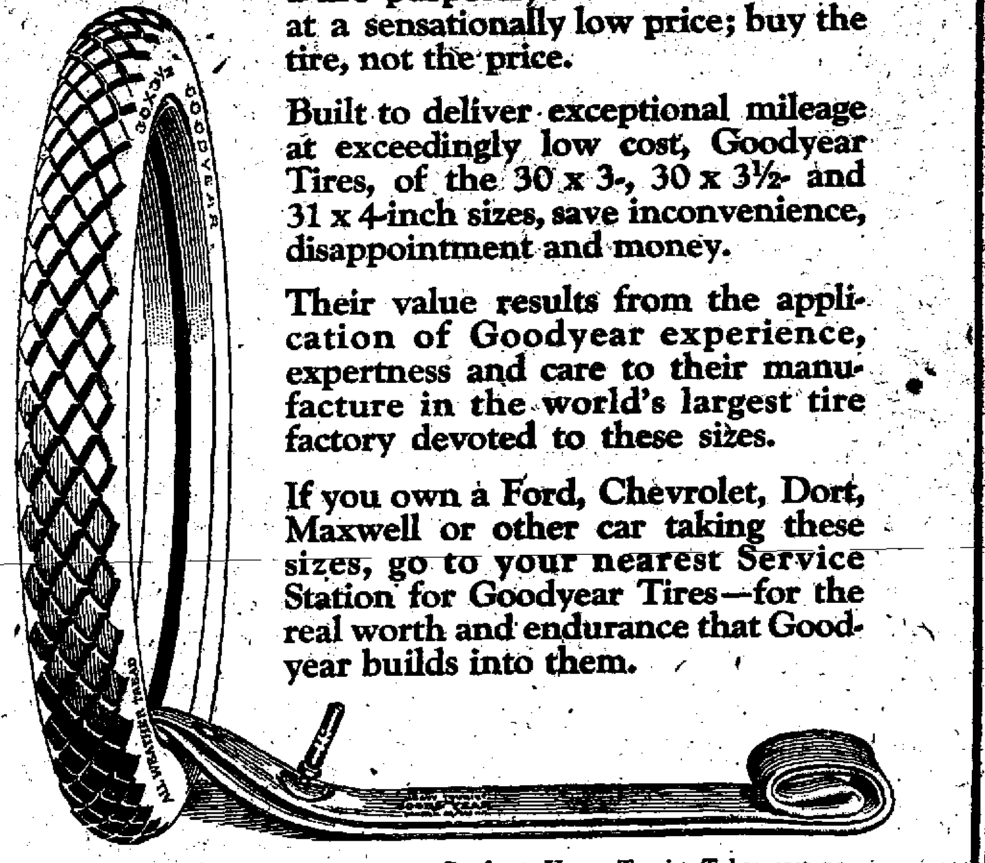
Mrs. William McManaman was the first person who passed the scene of the accident and she took Mr. and Mrs. Kasper to Milroy for treatment. The mishap took place near the Ad Richey farm.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one [illegible] Truly! No [illegible]



Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag $4.50

Vindication by House

Col. E. M. House, who was regarded as the closest confidant of President Wilson during the peace negotiations and has acted in the capacity of special representative of the president in Europe on several missions, has thrown some new light on the peace situation and serves to vindicate the action of the majority senators who refused to ratify the treaty without dotting an "i" or crossing a "t".

Writing in the Philadelphia Public Ledger, Col. House says of the situation as it existed after the armistice was signed.

"A preliminary treaty concerning army, navy, reparations and delimiration of boundaries could have been made by Christmas of 1918 and would have been not only the usual but the obvious thing to do."

That was the program urged at the time by the majority in the senate. Finding that the president turned a deaf ear to their suggestions, they finally, on March 4, 1919, joined in a "Round Robin" which 39 members of the new senate signed, the essential part of which was as follows:

"Resolved by the senate of the United States in the discharge of its constitutional duty of advice in regard to treaties, that it is the sense of the Senate that while it is their sincere desire that the nations of the world should unite to promote peace and general disarmament, the constitution of the league of nations in the form now proposed to the peace conference should not be accepted by the United States, and be it

"Resolved further, that it is the sense of the senate that the negotiations on the part of the United States should immediately be directed to the utmost expedition of the urgent business of negotiating peace terms with Germany satisfactory to the United States and the nations with whom the United States is associated in the war against the German government, and that the proposal for a league of nations to insure the permanent peace of the world should be taken up for careful and serious consideration."

It is plain to be seen now that the senate proposed exactly what Col. House now admits was the usual and obvious thing to do, but which the obstinacy of President Wilson prevented. The resolution quoted above was signed by senators of every sort of view on other matters. It bore the signatures of members of the "old guard" and of "progressives". All shades of opinion joined in the declaration that the nations of the world should unite to promote peace and general disarmament, but that the question of a league of nations should not interfere with the immediate negotiation of a treaty of peace.

In his speech of acceptance of the presidential nomination, Mr. Harding reiterates his belief in an association of nations for the promotion of peace but he stands now as he did in his signing of the "Round Robin", for the preservation of American Independence. He stands now as he did then for maintenance of the constitutional requirement that treaties shall be made by and with the advice and consent of the senate. He stands now as he did then for a republican form of government in which there are three co-ordinate branches, each performing its own duties and respecting the jurisdiction and preogatives of the others.

In Europe there are not enough men to go round, but the trouble in this country is to get them to go.

It must be a whale of a job for a little Dan Cupid to work up a wedding in the face of the present high cost of everything and nothing.

The world is full of pep, but apparently many people have a constitutional objection to being called the world.

RESTAURANT RAMBLINGS

The way to a man's heart is through his stomach, 'tis said. Perhaps this also applies to woman—when she is masculinely escorted to a restaurant de luxe. Nowadays we go to a restaurant to satisfy our hunger—or dance. Now dear Everyreader, how would you like a medium portion of restaurant humor? Witty wordings on this subject have scored many a hit on the motion picture screen in The Literary Digest "Topics of the Day". So, we serve you herewith some daintly morsels of humor that have been selected from newspaper columns here, there and everywhere.

Declares Dreco Improved Hearing

Catarrh Almost Had Him Deaf, Had Roaring, Buzzing Noises in Ears, Kept Bilious and Constipated.

Claims He Sleeps Like a Top, Eats Big Meals and Feels Fine Again.

Mr. Daniel W. Hicks of 1330 East Front St., Huntington, Ind., is 74 years old and is a veteran of the Civil War.

"I am the happiest man in the town," said Mr. Hicks, "and I ought to be for I can now sit down and talk and hear my friends talk, when I have been almost deaf for about fifteen years, and have suffered from catarrh of the head and stomach longer than that.

"My tongue was coated all the time, was bilious, restless, nervous and couldn't sleep.

"I am now finishing my second bottle of Dreco and my tongue is clean, appetite is good can sleep like a top all night long the dizzy spells don't trouble me and I can hear as well as anyone. I am a happy man and I want you to put this in the paper so my friends can see it and be benefited.

Dreco is made from the juices of twelve different herbs, roots barks and berries, which act directly on the stomach, liver kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All good druggist now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson and Co.

7:30 pm—Grand Concert — Crawford Adams Company.

SUNDAY, AUGUST 15th

2:00 pm—Concert—Garner Concert Jubilee Company.

A sextet of negro singers whose native gifts have been brought to a state of perfection by the directing genius of Prof. George Garner. The rare old songs of the Southland have seldom had such interpretations as they receive at the hands of this company.

3:00 pm Sermon - Lecture—Rev. Roy L. Smith.

Rev. Smith talks from life and experience not from books and theories. He will delight his audience with his splendid oratory and bring a message of inspiration to all who hear him.

7:30 pm—Grand Concert—Garner Jubilee Company.

The Lagonda piano used for our musical programs is furnished by A. P. Wagoner, special representative of the Jesse French Company.

MONEY COULD NOT BUY IT, HE SAYS

Pennsylvania R. R. Man Would Not Take Anything For The Good Tanlac Did Him.

"No sir, I wouldn't be back in the fix I was in before I got Tanlac for all the money in the world," said Earl J. Stritmatter, a popular boiler maker for the Pennsylvania Railroad, living on R. F. D. 11, Fort Wayne, Ind., recently.

"I had always enjoyed good health," he continued, "until one year ago, when my stomach got out of order and I commenced to lose in weight and became run-down generally. I work as boiler maker at night and have to carry my midnight lunch, and every time I ate it I would get so nauseated about thirty minutes afterwards that I could not retain a bite I had eaten. Nothing I ate seemed to have a bit of taste to it and I would bloat all up with gas, feel tight across the chest and have the worst gnawing pains in my stomach. Sometimes when these spells came on I would be in such agony I thought I would die in spite of all I could do. Often I would get so weak and nervous that my legs seemed to give way and I couldn't hold myself up, and would have to go to bed and be laid up two or three days. My head ached constantly in fact I was troubled in one way or another until I never knew what it was to feel good.

"When I commenced taking Tanlac I thought it might give me a little temporary relief, but it never once entered my mind that it would make a clean sweep of my troubles like it has and put me back on my feet in as good health as I ever was. I have gained twelve pounds in weight and am feeling as fine as I did the best day of my life. My digestion was never better in my life and I am enjoying everything I eat, because it never bothers me in any way. My nerves are as strong as steel and I don't have headaches any more. I am strong enough to tackle any kind of work and I don't believe any man feels better than I do. It keeps me pretty busy working at night and looking after my little farm, too, out on the edge of town, but Tanlac will keep a man on top."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlingtoa by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Arlington

Mrs. Lenna Westhafer, wife of Dr. E. K. Westhafer of Newcastle, is visiting at the Methodist parsonage this week. Her husband is spending three months in post graduate work in the Post Graduate Medical College, New York.

The Pleasant Ridge Methodist church was the first congregation in Connersville district to make payment on the parsonage for the district superintendent, who is to live hereafter in Rushville.

The official board of the Methodist church voted to accept the invitation to attend the dedicatory meetings at the Christian church next Sunday afternoon and night. The usual forenoon services will be held at the Methodist church.

Dr. J. M. Walker and the Methodist pastor took six o'clock dinner with the W. A. Mull family last Sunday evening. Dr. Walker delivered an interesting discourse at Pleasant Ridge at 7:45 p. m. giving some account of the workings of the recent General Conference at Des Moines, Iowa.

Mrs. Jessie McFatridge, who recently moved to Carthage from this vicinity, has been in critical condition since having a severe surgical operation. She is now at her home in Carthage.

The Rev. Alphonzo Burns, pastor of Gwynneville Christian church, attended the recent Epworth League service and took active part in the services, adding much to the interest in the meeting.

James Miller who recently fell and broke his hip bone is in a critical condition at his home here. Dr. Barnum and two physicians from Shelbyville were called to set the limb. On account of the advanced age of Mr. Miller, his recovery is doubtful.

Mrs. Oliver Swain who has been ill with acute indigestion is improving.

Mrs. L. Addison and Mrs. J. Rucker were the guests of Mr. and Mrs. Waldo Draper Wednesay.

D. M. Pressnall who suffered an attack of heart trouble Saturday night, is better.

Mrs. Mary Ennis and granddaughter and Mrs. D. M. Pressnall and daughter were entertained for dinner at the home of Sarah McMichael Tuesday.

Oliver Swain has remodeled his home in this vicinity.

Mrs. Phoebe A. Phillips has returned to her home here after a visit with her son-in-law, Fred Wissing.

Worth Brown and Juanetta Brown children of Mrs. Minnie Brown, went to Indianapolis recently and had their tonsils removed. The children are improving.

Earnie McMichael and daughter Anna of Jay county are visiting relatives in Sumner for a few days.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone; also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

Trutona Proves Happy Medium in The Case of Little Fort Wayne Girl

Fort Wayne, Ind., July 29.—Few mothers are any happier today, than Mrs. W. E. Epsich, who lives in Fort Wayne at 122 Eureka Street, and who tells in the following statement of the benefits her little twelve-year old daugher derived through the use of Trutona. She says:

"My little 12 year old daughter, Faustine, had been bothered with kidney trouble for several years, at least that was what the doctors pronounced it when she was six years old. Her kidneys were so weak that she seemed unable to control their action, especially at night. Her appetite was very poor, too".

"Trutona was recommended to us as being a remarkable remedy for the teatment of kidney trouble, and to my surprise, it worked wonders in the case of my child. Why my little girl has been taking Trutona only a week now, but she's able to control the actions of her kidneys, and she certainly has a good appetite".

"The child says Trutona doesn't taste bad but I suppose it is because the medicine is helping her so much that she dosn't mind taking it. I'm certainly grateful for the benefits my little girl has derived from this wonderful medicine, and I want to make other mothers happy by recomending Trutona."

Trutona is sold in Rushville at Hargove and Mullin's Drug Store.

A Chance to Save On Truck Costs

We offer you the opportunity to buy and use your truck tires on a scientific, minimum-cost basis.

We sell and recommend Goodyear S-V Solid Truck Tires and Goodyear Cushion Truck Tires—because we believe they are very good tires and do wear a long time.

And we select for you the *type* and *size* which will do your work cheapest

Then we apply your tires properly—and with *speed*, so your equipment is out of service for the shortest possible time. We have plenty of parking space, a big hydraulic press, a workshop and trained men who *know how* to apply tires *correctly*.

Afterward we make sure, with periodic *recorded* inspections, that the tires you buy from us are getting a chance to serve as they should serve.

By preventing injuries from developing into tire-failures, we help your tires to deliver the last mile of wear and so save you the ultimate cent of cost.

Why not ask us to send a representative who will explain to you this chance to save.

IS CRITICIZED FOR FIREMEN'S BILL

Senator Cann Says Governor Changed Platoon System Bill Because Winchester Objected

FIREMEN ARE DISAPPOINTED

Senator McKinley Says Firemen Are Denied Privilege of Sunday Worshipping

Several senators criticized Governor Goodrich for changing the firemen's bill, calling for two platoon system of fire fighters in cities having organized fire departments, to read that the bill would apply only to cities over 15,000 population, thus excluding Rushville and a great number of other cities that had planned for a platoon system for their fire departments.

Representatives Howard A. Cann of Frankfort and Clark McKinley of Muncie criticized Governor Goodrich sharply on the floor of the House yesterday during the discussion of the Hogstown fire department for his refusal to sign a similar bill applying to every organized force in the state. The second bill was passed by a vote of 73 to 1. Representative William B. Covalt of Kokomo casting the only negative vote.

The bill, which has passed both Houses, provides for a two-platoon system in every department in cities of 15,000 or more population. The original bill included every organized force, regardless of the size of the town and, the Governor declined to sign the bill, he said, because it was too sweeping in its provisions.

"I regret very much that the Governor would not sign the other bill," said Mr. Cann, "and in fact I did not know that he had declined to sign it until this measure came along. The change in this second bill, making it provide only to towns of 15,000 or more, eliminates my city. I can't understand his action unless he had in mind his own city of Winchester, where there must be a bunch of tightwads."

Mr. McKinley said it was a shame that the previous bill had not become a law and that the substitute measure robbed the firemen in the small towns of opportunity to be wtih their families and enjoy the pleasures of ordinary citizens and that it even denied them the privilege of worship on the Sabbath. He declared the Governor made a great mistake in refusing to sign the first Hogston bill. A large number of firemen on the sidelines applauded vigorously every speech in favor of the bill.

REPUBLICAN EDITORS MEET

Many Politicians at Turkey Run to Attend Summer Session

Crawfordsville, Ind., July 30—Republican editors and politicians left here today in automobiles for Turkey Run state park to attend the mid-summer meeting of the Indiana Republican Editorial Association.

The trip to Turkey Run was under the auspices of the Crawfordsville Journal, of which A. M. Smith is publisher.

Gov. James P. Goodrich, Senators Harry S. New and James E. Watson and Warren T. McCray, republican candidate for governor, were to attend the meeting as guests of honor.

Milkoline At 2c a Gallon

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion: Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and assists digestion, tending to insure perfect assimilation of feed. It helps tone up the system so that hogs are less subject to disease, and practically insures gains of 2½ pounds per head per day.

University Tested Professor W. B. Combs while Ass't. Prof. of Dairy Husbandry, at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 82.57% more profit than hogs not fed Milkoline. W. H. Graham a successful feeder of Middletown, Mo., said $30 worth of Milkoline made him an extra profit of $420. Lee Jackson of Wappingers Falls, N. Y., says Milkoline fixed up a bunch of shoats in fine style and is great for brood sows.

Can't Spoil: Milkoline is guaranteed not to rot, sour or mould. It will keep indefinitely in any climate. Flies do not come near it. It is always uniform, and is guaranteed to make you money or it doesn't cost you anything.

2c a Gallon Milkoline comes in condensed form, and you do the diluting on your own farm. When fed as directed Milkoline mixture (one part Milkoline to 50 parts water or swill) costs only 2c a gallon. Full feeding directions free. It is shipped in convenient kegs and barrels which we supply free. The prices are as follows: 5 gal. $7.50; 10 gal. $12.50; 15 gal. $16.50; 32 gal. $22.00; 55 gal. $19.50. It pays to buy in barrel lots because you save 50c a gal. over the 5 gal. quantities.

30 Day Guaranteed Trial. You are safe in ordering any quantity of Milkoline today. Feed one half the shipment to your hogs and poultry in a thirty day test, then if you aren't entirely satisfied return the unused part to us at our expense and we'll immediately refund every cent you paid us. We are so confident that you will find Milkoline the best money maker on the farm that the S. W. Boulevard Bank of Kansas City substantiates this offer. You are the sole judge. MEN'S SUITS FOR FALL
Look 'Em Over

Last Saturday we received a big shipment of Fall Suits that were supposed to be shipped out September 1, but as they arrived during the sale and because we advertised that our entire stock went at sale prices, we are offering the latest arrivals at a

20% Discount

GENTLEMEN—Take advantage of this opportunity to buy your fall suit at our sale prices.
